

R44 SERVICE LETTER SL-60

R66 SERVICE LETTER SL-21

DATE: 6 June 2017

TO: R44, R44 II, and R66 Owners, Operators, and Maintenance Personnel

SUBJECT: Revised Instrument Marking Metric Decals

BACKGROUND: Earlier Service Bulletins (R44 SB-90 and R66 SB-19) require installing a G654-6 decal adjacent to airspeed indicators which do not have yellow arcs above 110 knots. A G654-12 metric decal (information provided in km/h) is now available for operators who require it.

COMPLIANCE PROCEDURE:

If a metric airspeed indicator (primary scale marked in km/h) without yellow arc above 204 km/h is installed, order one G654-12 decal from RHC Customer Service. Refer to R44 SB-90 or R66 SB-19 as appropriate, and install G654-12 instead of G654-6.

Approximate Cost:

Parts: \$14.25 for one G654-12 decal.
